

SIKHS FLATLY REJECT BRITISH FREEDOM PLAN

"SECOND AGE" GROUP WILL BE CLASSIFIED

Local Draft Boards Are Instructed To Take Immediate Action

MAY AND JUNE ARMY CALLS ARE LOOMING

Men From Feb. 16 Registration May Be Taken In Both

(By Associated Press)
WASHINGTON, April 1.—Selective service headquarters announced today that men who registered Feb. 16 would be immediately classified and some probably would be inducted into service in May or June.

There had been some confusion as to whether the Feb. 16 registrants would be integrated with men who registered prior to that date or be called after exhaustion of all previously registered men but today's announcement said:

Local Boards Instructed
"Local boards throughout the nation were instructed to start classification at once of the several million men who enrolled on Feb. 16 and to prepare to fill the army's call for men, and possibly the May call with these registrants and registrants from the first age group."

The announcement explained that men who registered Oct. 16, 1940, and July 1, 1941, constituted one group which was referred to in the memorandum to local boards as the "first age group" with those who registered Feb. 16 being referred to as the "second age group."

"The war department," the announcement said, "has indicated that beginning June 1, 1942, regulations will probably call for men of both age groups."

"The memorandum said that local boards which had not completed filling of questionnaires to registrants of the first age group should continue to mail them but 'at the same time the local board will proceed to mail questionnaires to registrants of the second age group in sufficient numbers to insure the filling of the June call (estimated not to exceed the call of Feb. 1942) entirely from the third registration, if such action is required.'"

APPLE FESTIVAL PLANS DISCUSSED

Tentative plans for holding the second annual Salem Apple Festival, early in October, were adopted at a meeting of the executive committee of the Apple Festival association held last night at the Memorial building.

Officers of the festival group include C. W. Kaminsky, president; H. Matthews, vice president, and C. H. Musser, secretary-treasurer.

"Astounded" By Marriage Reports

WASHINGTON, April 1.—Carol Landis, blonde screen actress, told reporters on her arrival here for "a visit" that she was "astounded" at reports she had flown from Los Angeles to marry Gene Markey, screen writer-producer who is now a lieutenant commander in the navy.

"I haven't the vaguest idea what it's all about," Miss Landis said yesterday when asked about west coast press dispatches that she had told film colony friends she was heading to Washington to marry Markey. "This is all very sudden—I don't even know about it."

SALEM MAN GIVEN POST WITH PATROL

W. H. Culp of 772 W. Pershing st. was among a group of 27 new state highway patrolmen given commissions today at ceremonies at the state fairgrounds in Columbus.

The program, at which Gov. John W. Bricker presided, marked the completion of a rigorous 10-week training course.

Addition of the new men raised the Ohio patrol strength to 298 officers and men, only two short of the maximum authorized by the last legislature.

2 ISOLATIONISTS ARE RE-ARRESTED

(By Associated Press)
LOS ANGELES, April 1.—Isolationists Robert C. Noble, who shouted "to hell with MacArthur," and Ellis O. Jones, who led a mock impeachment of President Roosevelt, were rearrested last night on federal charges of sedition.

Almost simultaneously, the state filed criminal libel charges against Noble, Jones and seven others, accusing them of having libeled Gen. Douglas MacArthur in a pamphlet distributed by their Friends of Progress isolationist organization.

Noble, Jones and four of their followers were arrested shortly after Pearl Harbor and charged with sedition. They were released a few days later on orders from U. S. Attorney General Francis Biddle, who said every effort should be made to maintain free speech and public safety. Noble as judge and Jones as prosecutor had im-

VOTE TO ABANDON STARK SANITORIUM

(By Associated Press)
CANTON, April 1.—Facing an employees' ultimatum for pay increases, Stark county commissioners voted 2-1 today to abandon the Molly Stark sanatorium, which has 166 tuberculosis patients. The action is subject to approval by the state health department.

The workers three weeks ago demanded a 20 per cent pay increase. When the commissioners allotted the sanatorium \$155,000 for the year's operations, the same as for the last six years, trustees decided they could not act upon the wage question.

U. S. CUTS OFF SPECIAL HELP TO ARGENTINA

Ban Will Stay On Until She Joins Lineup Against Axis Nations

GOVERNMENT AID CITES NEW POLICY

Republics Which Have Broken With Axis Will Get Preference

(By Associated Press)
WASHINGTON, April 1.—The United States has shut Argentina off from the special economic, military and naval aid granted Latin American countries, until such time as she takes her place in the hemisphere front against the Axis.

The decision, an authoritative source disclosed yesterday, was in line with a new policy of giving preferential treatment to American republics which have gone to war or severed relations with the Axis.

The nine nations that have declared war and the nine nations that have cut relations have exposed themselves to Axis attack, the authority explained. Hence, he added, they must have all the economic aid, and military and naval material the United States can safely provide them.

Maintains Axis Relations

At the present time, the official said, Argentina still maintains relations with the Axis and is failing to contribute in any effective way to the defense and security of the Western hemisphere. Until and unless, Argentina pulls her share of the hemispheric defense load, it will be impossible to send military or naval supplies to the Buenos Aires government.

Chile, the only other Latin American nation that has not yet broken with the Axis, will get modified treatment in regard to military and naval supplies, it was stated.

This is because of Chile's long coastline and because her navy is smaller than that of Argentina.

After the January conference of American foreign ministers in Rio de Janeiro, the United States took the position that those Latin American nations that had declared war

DRIVER HURT AS TRUCK HITS TRAIN

New Castle Man, In Hospital, Asks Patrolman What Happened

Pete Caravasion, 29, of New Castle, Pa., was seriously injured at 1:40 p. m. Tuesday when his truck-trailer crashed into the side of a large freight locomotive at the New York Central lines crossing on Route 234 one and a half miles east of Deerfield.

Removed from the demolished cab of the truck and taken to the Alliance City hospital, Caravasion was found to be suffering from severe shock, concussion and numerous cuts about the face and head.

"Train? Did I hit a train?" he managed to answer when questioned at the hospital by State Patrolman Herbert Krogh.

The New Castle trucker apparently failed to see the freight train as he traveled east on Route 234. The train, north-bound out of Alliance, was in charge of Engineer G. D. Work of Minerva.

Impact of the crash smashed one cylinder and other exterior parts on the side of the locomotive.

Caravasion's truck, owned by E. W. Allison of New Castle, was empty at the time.

NEW BIRTH RECORD OFFICE IS SET UP

LISBON, April 1.—A separate office for the issuance of birth certificates was established today in the board of elections quarters in the basement of the courthouse. Miss Alma Williams is the registrar in charge.

Records of births between the years of 1897 and 1908 are on file at the courthouse. Since 1908, however, the records have been kept at Columbus.

Probate court, which previously issued the certificates now obtainable in the basement office, will continue to hold birth certificate hearings for persons who can produce documentary evidence of their birth.

Indian Leaders Debate British Dominion Status Plan

Jawaharlal Nehru

With one minor party, the Sikhs, having already flatly rejected Britain's offer of dominion status after the war, it is feared that the entire program may be tossed overboard, with Mohandas Gandhi, India's spiritual leader, expressing himself opposed to the plan.

Gandhi and Pandit Jawaharlal Nehru, both former presidents of the All Parties congress, are drafting the answer of the congress party's working committee for final consideration by the committee.

HITLER MOVES FRESH TROOPS

13,000 Trainloads are Sent Eastward in Last Three Months

(By Associated Press)
Adolf Hitler was reported moving 15,000,000 fresh troops into the eastern front today as signs multiplied that the fuhrer was preparing to open his long-heralded spring offensive for a climactic struggle involving 12,000,000 German and Russian soldiers.

Stockholm dispatches said 13,000 German troop trains had moved eastward in the last three months.

London quarters estimated that about 4,500,000 Germans and 7,000,000 Russians were massing for the great battles already beginning to take shape along the 2,000-mile Soviet front.

Indications that "zero hour" may be near for the German drive were seen in recent communiques reporting Nazi offensive thrusts, after months of stressing the bitter defensive nature of German operations.

Thus, today's bulletin from German field headquarters reported that "in an attack of our own," Nazi motorized troops dislodged Russian forces from positions northeast of Orel, 200 miles below Moscow.

Yesterday's communique also noted "our own offensive operations" elsewhere on the front.

London military observers said they expected Hitler to aim his heaviest blows against Marshal Timoshenko's armies on the southern front, an attempt to break through the 400-mile line between Orel and Taganrog and seize the oil-rich caucuses.

There remained the difficulty, however, of halting the Soviet juggernaut, and Hitler's field headquarters again acknowledged powerful Russian attacks were continuing in the Ukraine, on the Moscow front and in the northwest around Leningrad.

Work, or Go to Church

WASHINGTON, April 1.—The war production board wishes all production workers "who do not intend to spend Easter Sunday as a day of religious observance" to put in a full day on April 5 at their machines, the office of Chairman Donald M. Nelson said today.

Noting that Easter is a day of "very great religious significance," Nelson said he thought it "entirely proper" that workers desiring to spend part of the day away from their jobs for devotional reasons, should do so.

motorists driving cars with the old plates attached.

The new tags may be the last for some time, since small year-date plates will be attached to licenses next year and thereafter during the war to conserve steel.

Clyon W. Wallace, state registrar, reported that despite rationing and a new federal tax on motor vehicles, Ohioans, generally, had bought more tags than last year at this time.

He attributed the increase to an influx of thousands of workers to Ohio factories. However, he expects sales to drop off later because of automobile and tire rationing, and estimated that the 1942 total for cars, trucks and motorcycles may fall below the 2,160,000 license tags sold last year.

Three Drivers Fined

Three motorists paid fines following the arrest by state highway patrolmen Tuesday.

Ralph Murray, 51, of Canton, charged with driving an overweight truck, was fined \$10 and costs by Mayor R. R. Johnson.

Kenneth Jacobs of Milan, Mich., arrested on a speeding charge, and Lynn Armstrong, 25, of Pontiac, Mich., charged with reckless driving, were fined \$10 and costs each at Columbiana.

"Need More Eggs" Says Easter Bunny

More eggs! was the appeal today by the Easter bunny following a conference with Joe Kelley at the Memorial building this morning.

The bunny, preparing to make his annual appearance here on Saturday morning, realizes there is a war going on and that food supplies come under the national conservation plan, but expresses the belief that for the sake of these youngsters this egg hunt must be held.

This time, however, the number of egg hunters will be limited in order to go along with the conservation program. Only youngsters 8 years of age and under will be permitted to take part in the egg hunt, which will be held only at Reilly field.

However, more eggs are needed to make the event a success.

MAYOR DELAYS PAY INCREASE

Wilson's Name Not Listed: Turns Ordinance Back To Council

City employees will not notice wage increases in their pay envelopes April 15, as originally planned, because Mayor R. R. Johnson has yet to affix his signature to the ordinance which city council passed last Friday granting salary boosts to non-elective workers.

The mayor explained today that he had not signed the measure because it failed to take everyone into consideration and that he intended to return the ordinance to council to see if the legislation might not be re-drafted.

Mayor Johnson said he thought that Service Director Frank Wilson was deserving of a raise. Neither the service nor safety director was included in the group slated to receive \$10-a-month boosts.

Failure of council to comply with his request for an ordinance creating the rank of captain in the police department, also is known to have met the mayor's displeasure.

The mayor has 10 days in which to return the salary ordinance, along with objections, or until the next regular meeting of council should not occur within that time limit, Solicitor Henry Reese points out.

The councilmen, then, have 10 days in which to reconsider the measure. A two-thirds majority vote would pass the ordinance over the mayor's veto.

The service director's job calls for an annual salary of \$2,220. Safety Director Curtis Phillips, who gets only \$396 a year, did not seek an increase and realizes that his duties are not comparable with those of the service director, the mayor said today.

SEIZE 10,000 TONS OF METAL FOR WAR

DAYTON, April 1.—Sam Slotky, regional official of the Office of Emergency Management, said today that salvaging of more than 10,000 tons of scrap metal requisitioned on a farm near here would begin immediately.

U. S. Marshal C. H. Sisson of Columbus served requisition papers yesterday on Owen Eby, one of three brothers who operate the farm.

Slotky said there was enough scrap on the farm "to build a battleship or 10 tanks," but that the owners had refused to sell at government-regulated prices.

The metal accumulated for more than a decade under a contract which gave the Frigidair plant the right to dump faulty cabinets and other scrap on the farm for \$240 a year. Owen Eby said the metal was being used to prevent soil erosion.

"I don't know why the big shots in Washington didn't think of this five years ago instead of selling our scrap metal to those Japs to kill those poor Chinese," he commented.

The metal will be sent to a Pittsburgh steel concern.

Will Hire 5,000

CATLETTSBURG, Ky., April 1.—Major Joseph Horridge says the new war plant at South Point, O., probably will be twice as large as originally contemplated. The original announcement said the plant would cost about \$20,000,000. Horridge, who is supervising construction, says employment will reach 5,000.

MINOR PARTY FIRST TO TURN DOWN PLAN

Hindu Warrior Caste Fears Moslem Dominance In Punjab Province

HINDU EXTREMISTS ARE ALSO OPPOSED

Yielding Wartime Defense To British Big Stumbling Block

(By Associated Press)
NEW DELHI, India April 1.—The Sikh All-Parties committee, one of India's minority groups, issued the first flat rejection today of Britain's offer of post-war dominion status for India.

The Sikhs, a Hindu warrior caste, rejected the plan as submitted by Britain's special envoy, Sir Stafford Cripps, on the grounds that it would leave them at the mercy of the Moslem majority in Punjab province.

Line Up With Extremists
As a result, the Sikhs were expected to make common cause against the Moslems with the Mahasabha, organization of Hindu extremists, whose rejection of the offer already had appeared certain.

The chief stumbling block to acceptance was the requirement that India's wartime defenses be left in British hands.

The decision of the All-India congress party probably will be issued today and the opinion was widely held that the potent, ardent nationalist movement would spurn the British terms.

A last-minute glimmer of hope was seen, however, in a joint statement of Sir Tej Bahadur Sapru and Dr. Mukund Ramrao Jayakar, spokesmen of India's non-party leaders, who said "it would be a tragedy if the Cripps mission failed, for it would produce a keen sense of disappointment and frustration and provoke antagonism which in our opinion would be disastrous in this hour of crisis."

Although urging that Britain compromise somewhat on the defense issue, these leaders said Britain's proposal "makes it clear that after the war India will not have to struggle for recognition of its constitutional and international status."

Aurobindo Ghose, Indian spiritual leader whose sanctuary at Pondicherry is well known to American visitors, also sent a message to Cripps congratulating him upon his Monday broadcast explaining the proposals.

The answer of the congress party's working committee, it was understood, was being drafted by Mohandas K. Gandhi and Pandit Jawaharlal Nehru, both former congress presidents, for final consideration by the committee.

Discussions yesterday again revolved chiefly around the issue of control of defenses for this great sub-continent and its 390,000,000 inhabitants—already under the menace of Japanese forces in Burma and on islands in the Bay of Bengal.

CITES IMPORTANCE OF "HOME FRONTS"

Landis, In Cleveland, Call For More Defense Speed

CLEVELAND, April 1.—Cleveland, Akron, Lorain and Toledo are just as much war fronts as Bataan, Port Moresby and Port Darwin, says James M. Landis, director of the Office of Civilian Defense.

Calling for greater speed in home defense preparations in an address before a civilian defense rally last night, Landis declared local defense councils must realize "this is not someone else's war, but your war."

He told an audience of more than 10,000 which filled the main auditorium of public hall that "time is of the essence in war" and "we can no longer be leisurely in training our wardens, our auxiliary firemen and policemen, our nurses' aides."

"We cannot wait longer for effective organization of the protective services, for the installation of control centers, for the development of blackout procedures," he said.

In talking with about 50 mayors and civilian defense officials from Ohio municipalities before the rally, the O.C.D. director said air raid warden helmets and some first aid materials would be sent on loan to cities within 30 days. This equipment will be sent to state property officers, who will be responsible for distributing it to local defense units.

Landis said it would not be necessary for inland cities to make preparations at present for mass evacuations, or prepare to receive persons from the east coast. Limited evacuation may take place in the east, he added, but it would not extend any farther inland than Pittsburgh.

SUPER-COLOSSAL COLLECTIVE BARGAINING

India, say the dispatches, is weighing Great Britain's more or less definite promise of freedom at the close of the war—if the Indians, themselves, help stage off Japan's bid for the right to decide what is going to happen to them.

In the super-colossal collective bargaining taking place between Sir Stafford Cripps as spokesman for Britain and a handful of Indian leaders, all the bargaining points are in the possession of two other fellows, a significant circumstance that ultimately is going to be plain to all parties concerned.

The fate of India's millions of inhabitants, its vast areas and the enormous wealth that makes it the brightest jewel in Britain's crown of empire depends on what happens between the United States and Japan in the southwest Pacific. This country alone can furnish the air power, the sea power and the land armaments to stop Japan. The British are valiant, but when they lost Singapore they lost control of Japan's approach to India.

Under Japan, India could expect no freedom, now or later. Sir Stafford, undoubtedly, is reminding Indian negotiators of that. Furthermore, with Japan driven back to its islands, it is problematic whether India could derive the benefit of a freedom for which it is apparently as poorly prepared as Germany was after World War I. In fact, it is hard to understand just what the momentous negotiations are all about. India is like a man trapped in a burning building deciding whether to save himself; Great Britain is like a fireman without a net urging India to jump. And the United States, so far, is like another fireman who has ordered a net that should be arriving any minute.

BEST NEWS YET

If events of the next few weeks sustain the Australian air minister's statement that American and Australian planes have won control of the air over New Guinea, this will be the best news yet from the Pacific. There hasn't been much competition for the distinction.

Australia—specifically, the northern coastline of the continent—is a good air base, if it can be had. From it, airplanes can reach points as far away as Java. They can threaten Japanese positions all the way to Singapore. If the United Nations can maintain control of the air, they can keep Japan from securing its gains. Ultimately, they can win the war of attrition in airplane production that Japan is poorly prepared to wage. Everything depends on their ability to hold Australia intact as an air base and to furnish it with enough planes and pilots to hold the Japanese at bay.

This is the thing Americans have looked forward to doing. Airplanes, they have felt, are destined to be their contribution to victory. In every part of the world their planes are being flown and tested; the reports are favorable. The most critical test has been in the southwest Pacific, where this country has been obliged to take the initiative in the fighting. If subsequent developments confirm the statement that superiority has been established at the point where it had to be established to save the day, nothing but victory on Bataan peninsula possibly could be better news.

A FINE TIME TO BE ON GUARD

There is an attempt now under way to label all persons holding certain opinions as agents of Nazi Germany. Some of the sources of this dangerous move are uncomfortably important—the office of facts and figures and Vice President Wallace, for instance. The former even has gone so far as to publish a list of topics, charging that anyone who opens his mind to the forbidden side of the issue is working for Hitler.

This is, of course, an extremely ticklish proposition, because Hitler naturally would be pleased by anything suggesting that Americans lack unity. In his opinion—in the opinion of any dictator—any discussion at all is incontrovertible evidence of weakness. In the opinion of most persons believing in representative democracy, however, this merely is evidence that Americans still are capable of looking at both sides of things, without necessarily being converted to either side.

If all the gentlemen in Washington will bear in mind that it is possible for a gentleman in Peoria to be a good patriot and at the same time to suggest that Congressman Martin Dies woke up to the danger from abroad long before some of his critics woke up—even though Hitler may laugh with joy at the congressman's antics—everybody will be a great deal happier and the American way of life will be much safer. When political officials start to ascribe a wide variety of conflicting opinions to subversive influences, it is a fine time to be on guard lest some homegrown opinion become, by bureaucratic whimsy, circumstantial evidence of seditious thinking.

THE STARS SAY:

For Thursday, April 2.

THE LUNAR and mutual aspects bearing on the affairs of this day give emphasis to social, romantic, artistic and domestic engagements and to those occupations and business establishments concerned with these. All such should forge on with expansive and gratifying purpose, with high goals to be attained with confidence and gratification. But with all the joy and satisfaction there may be opposition from elders or old friends, with sharp words or deep wounds to be guarded against. Business relations with young folks should enjoy stability and sound growth.

If It Is Your Birthday

Those whose birthday it is may anticipate a year devoted to social, domestic, romantic, and cultural activities, with much progress, happiness and stability given to all such engagements or business enterprises. These should be executed with much confidence and enthusiasm, despite the opposition or lack of cooperation of elders or old friends. It is admonished that harsh, caustic or impulsive words be averted lest regrets follow.

A child born on this day should be exceptionally versatile and talented in artistic, musical, literary or other professional pursuits in which it should attain standing and good fortune.

SUBSTITUTE FOR MORPHINE

BOSTON, April 1.—A non habit-forming substitute for morphine, a major goal of medicine for many years, was announced today to the Federation of American Societies for Experimental Biology. The new drug is a synthetic, that is, an artificially-made substance.

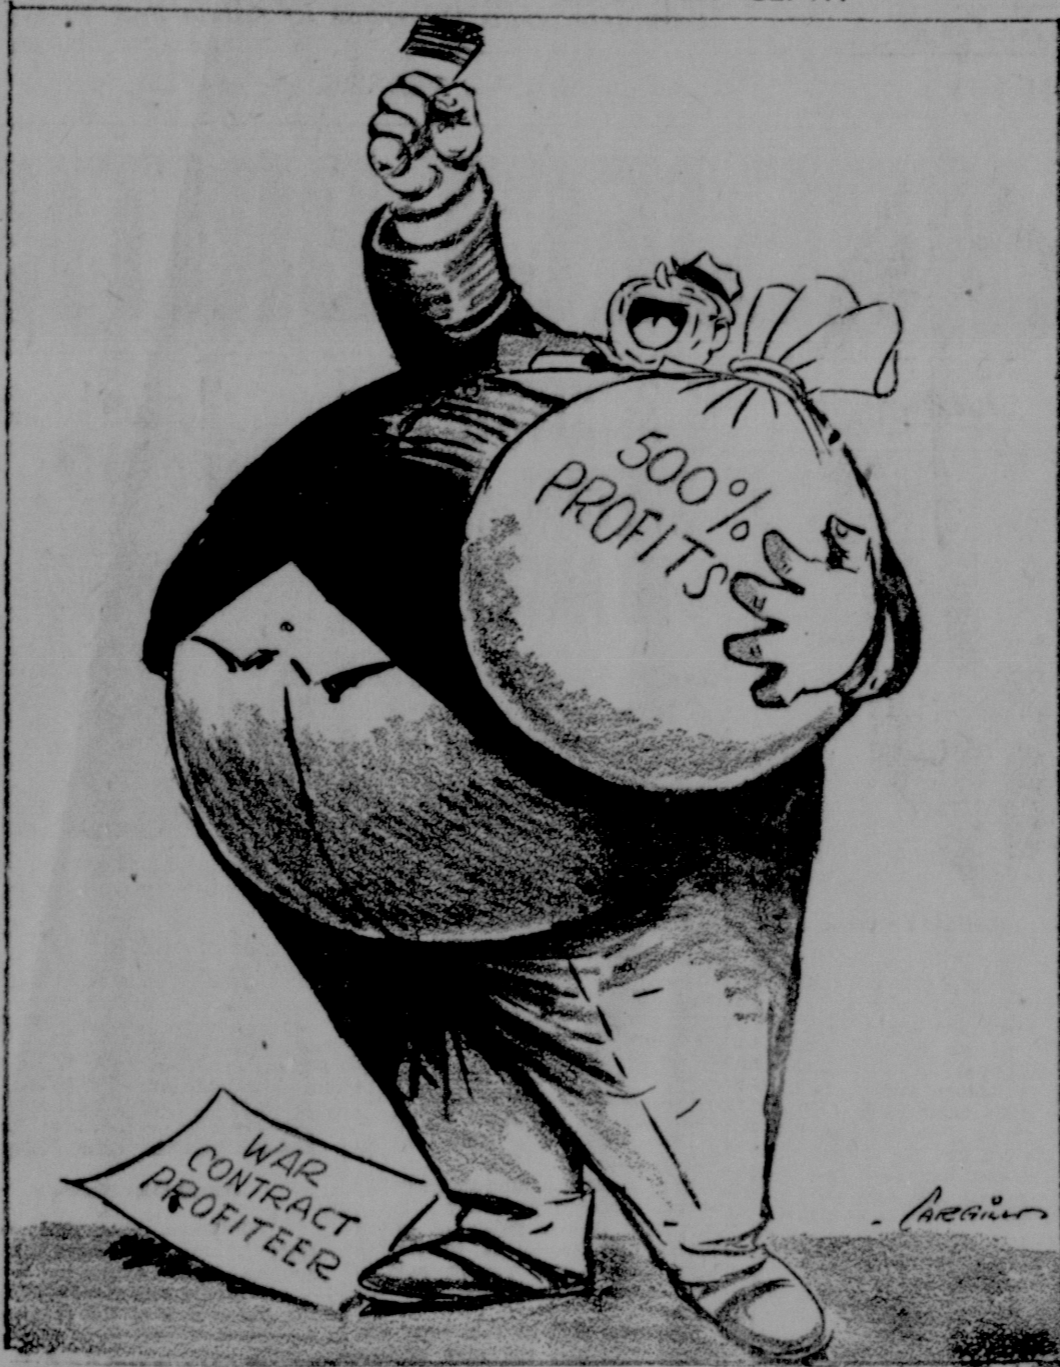

The morphine substitute was made in effect by taking something resembling atropine and changing it into something resembling morphine. Three reports were made.

David R. Climenko, Winthrop Chemical company, Rensselaer, N. Y., reported the making of the drug, and its effects on hundreds of human beings were detailed by Doctors Robert C. Batterman, New York university School of Medicine, and C. K. Himmelsbach, U. S. Public Health Service, Lexington, Ky.

Atropine, from belladonna plants, and morphine are both alkaloids. Atropine is slightly sedative, but in large doses depresses the heart dangerously. The new synthetic gets rid of the heart depression and takes on the pain relief of morphine.

Dr. Batterman said it had proved satisfactory and safe on more than 800 human beings, most of whom would have needed opiates.

"FOR AMERICA—500 PER CENT!"

CLENEDENING PREFERS DIET OF MEAT

Offers Proof To Show It Isn't Harmful

By LOGAN CLENEDENING, M. D.

I have always liked meat better than any other form of food, and the only person I ever knew well who preferred vegetables to meat borrowed \$25 from me in 1915 and has never paid it back, so I am suspicious of people who say they prefer vegetables to meat.

This favoritism of mine towards meat was once a difficult thing for me to defend. Meat got a bad name among nutritionists about the time that Dr. Haig wrote a book called 'Fasting' in which he ascribed nearly all diseases to the accumulation of uric acid and ascribed that accumulation to the eating of meat.

This has long since been disproved as a scientific doctrine, but the superstition lingers on. As short a time as fifteen years ago, anybody who had high blood pressure or urinary trouble or rheumatism or headaches or nervous dyspepsia was immediately ordered by his physician to give up meat.

When Dr. Stefansson, the Arctic explorer, came back and made the statement before a scientific society that he had lived on nothing but meat for nine years and remained in perfect health, his statement was immediately challenged. They said that it was because he lived in an Arctic climate that the meat did not hurt him.

He offered to repeat the experiment in a temperate climate and lived in New York for nine months on nothing but meat, and at the end of that period on the meat diet, his blood pressure, weight and general health were just as good as when he started. The experiment of Dr. Stefansson started, I think, the revision of popular opinion about the use of meat. It encouraged people who had always liked to eat meat to keep on doing so without having the fear that they were slowly poisoning themselves and bringing on a premature demise.

Nowadays dietitians can't say enough good about meat. Several physicians have advocated meat as the principal article of diet in cases of high blood pressure and the degenerative diseases of old age.

The American soldier, according to figures just made available from the office of the surgeon general, acquires a great proportion of his nutritional essentials from meat.

Meat contains proteins. It is the best source of every variety of Vitamin B that we have. It contains fat, iron, phosphorus, Vitamin A and calcium. The American soldier, admittedly better fed than the soldier of any other country, eats nearly a pound of meat a day.

EDITOR'S NOTE: Dr. Clenedening has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp.

He offered to repeat the experiment in a temperate climate and lived in New York for nine months on nothing but meat, and at the end of that period on the meat diet, his blood pressure, weight and general health were just as good as when he started. The experiment of Dr. Stefansson started, I think, the revision of popular opinion about the use of meat.

Meat contains proteins. It is the best source of every variety of Vitamin B that we have. It contains fat, iron, phosphorus, Vitamin A and calcium. The American soldier, admittedly better fed than the soldier of any other country, eats nearly a pound of meat a day.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas builds up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those good, old Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 10¢ and 25¢.

Marriage Of Miss Sturgeon Oct. 11, 1941, Is Announced

The marriage of Miss Katherine Sturgeon, daughter of Mr. and Mrs. Ralph Sturgeon of E Second st., to Lewis Andrew Zimmerman, son of Mr. and Mrs. Daniel Zimmerman of R. D. 2, Salem, on Oct. 11, 1941, in York, S. C. was announced to club associates of the bride last night.

Mrs. Zimmerman entertained her club at her home. Cards were played, the prizes in "500" going to Miss Alice Zatzko and Miss Neta Lantz and the traveling award to Mrs. Carl Skowran.

Lunch was served at a table attractively appointed and centered with a three-tier wedding cake. Appointments were in bridal white and the announcements were concealed in small Easter eggs, which were favors.

Mr. and Mrs. Zimmerman are graduates of Salem High school, class of 1933. He is stationed with the United States Army Air Corps in Stratford, Conn. Mrs. Zimmerman expects to leave next week to join her husband there.

Mrs. John Melitschka of Detroit was a guest at the announcement party.

Junior Music Study Club Members May Enter Contest

Plans for entering three Junior Music Study club members in the annual competitive festivals in Cincinnati April 17-18 were discussed at a meeting of the club last night at the home of Eugene Mueller on E Third st.

Deborah and Priscilla Beery will be entered in the vocalists' division and Maybelle Huston in the clarinetists'. The festival is an annual contest sponsored by the National Federation of Music Clubs for junior groups. The contests will be held at the Cincinnati Conservatory of Music.

Arrangements were discussed for the next meeting which will be a joint session with the Musical Culture club of Salem and the Junior Music Study club of Leontonia, at the library assembly room at 7:30 p. m. April 14. The Salem Music Study club arranges the annual joint meeting of the three junior groups.

Three new members were approved during the business session.

Program On Folk Songs
The interesting program on "Folk Songs of Old New England" opened with the club singing of the national anthem and with the junior federation pledge.

Singing games, sea chanteys, country dances, ballads and other folk melodies were displayed and sung during the program. A paper explaining the characteristics of each group of songs, the locality in which it was popular, its origin and history, was given by Betty Severny. Maybelle Huston played several country dances as clarinet numbers and Grace Pales and Jean Moore played the others. The numbers included "Pop Goes the Weasel."

Red Cross Enrolls Thousands in First Aid Training

Gloria Thackaberry "suffers" from a severed artery in the palm, a fractured arm and internal injuries—all for the benefit of Red Cross first aid students at Alexandria, Va. First-aiders Richard Harris rendered the proper first aid care.

Quick to sense the necessity for first aid training to meet the emergencies which confront a warring nation, hundreds of thousands of Americans have enrolled in Red Cross first aid courses.

Since fateful December 7 an estimated 40,000 a day have signed up to receive the Red Cross first aid instruction, and Red Cross officials foresee no immediate slackening of public demand for the training.

More than 50,000 American Red Cross first aid instructors are engaged in teaching the classes. Throughout the country physicians by the thousands have volunteered to augment this army of instructors. Many of them have taken Red Cross "refresher" courses before assuming the instructor's role.

Approximately 8,000 Red Cross highway first aid stations and mobile units, equipped to give emergency care to victims of highway accidents, are spotted across the continent ready to meet civilian first aid needs should enemy bombings make necessary the evacuations of cities.

When a tourniquet is applied, Red Cross first-aiders mark a "TK" on the victim's forehead so that the attending physician will be apprised of the fact at a glance. Here, Richard Harris, Red Cross first aid field representative, has given emergency care to "casualty" Gloria Thackaberry pending arrival of a physician. Before the outbreak of war more than 3,000,000 Americans were trained "to act while the doctor is on the way." War emergencies demand first aid training for other millions, and Red Cross chapters throughout the nation are working night and day to meet the demand.

Columbiana Holds Holy Week Services

COLUMBIANA, April 1—Holy Week services at Grace Reformed church, will be held Wednesday, Thursday and Friday evenings at 7:30. The Friday evening meeting will be a preparatory service for the Easter Communion observance, when a dawn service will start at 6 a. m., with a program in charge of the young people, while the regular Communion service will begin at 10:45.

A reception for new members received last Sunday will be held at an early date. The Women's guild will hold the April meeting at 2 p. m. Thursday with Mesdames H. L. Wise, William Coleman and H. S. Sponseller in charge of the program. Mrs. H. L. Chadwick will conduct a 30-minute Lenten worship service. This will be the final opportunity for women of the church to enroll in the new organization as charter members.

The Columbiana school will be closed Thursday, Friday and Monday, April 2, 3, and 6, for a three-day Easter vacation.

Holy week services scheduled for the Presbyterian church will open a service this evening at 7:45. The pastor, Rev. J. K. McDevitt, will preach. This will be a service of song and prayer preparatory to the candlelight communion service which will be held in the Presbyterian church starting at 2 o'clock. Special music will also be presented at this service. Easter Sunday morning the sunrise service at 6:30.

Sheriff Is Named

ATHENS, April 1—George Dateman, Republican, is the new sheriff of Athens county. Dateman, who resigned as mayor of Nelsonville, succeeds Charles W. Bayless, Democrat, who died last Thursday.

LEAGUE WILL SHOW NEW SOUND MOVIE

LISBON, April 1—A new sound movie, "Sand in the Gears" produced by the National Tuberculosis association, will be shown at the annual meeting of the Columbiana County Public Health league in the court house this evening.

The film, which the Health league has made available for various group programs, depicts the importance of maintaining a health army as well as raising the health standards on the home front, especially in defense industries. Tuberculosis, it is stated, is one of the diseases that hinders the smooth work of our vast defense machinery which is geared to victory.

Special Holy Week Services Under Way In Lisbon Churches

LISBON, April 1. — Appropriate Holy Week services are being held in Lisbon churches and will be climaxed with special Easter programs on Sunday, including sunrise services in many churches.

A preparatory service will be held this evening in the Presbyterian church preceding a Holy Communion service on Thursday evening, with the pastor, Rev. J. Morgan Cox, in charge. Rev. Cox spoke on "Jesus in Jerusalem" at services Tuesday evening.

Rev. J. M. Letts of Cleveland spoke during services in the Methodist church here last evening, while Rev. R. T. Campbell, the pastor, will bring the message this evening. Holy Communion will be administered Thursday evening.

Rev. J. M. Cameron, pastor of the United Presbyterian church, delivered the sermon at special services there last evening, while Rev. Carl W. Bornmuth, pastor of St. Jacob's Reformed church, will bring the message this evening. Holy Communion will also be observed in this church Thursday evening.

The Christian church, which has just completed two weeks of special services, will hold a candlelight communion service tomorrow evening, with a sermon by Rev. Theodore Cord, the pastor.

Rev. Fr. Alfred Heinrich is conducting special services in St. George's Catholic church, including a Saturday morning service and concluding with ceremonious rites on Easter.

Rev. John M. Cameron will bring the message at services in St. Jacob's Reformed church this evening, while Rev. Claude Lane, pastor of the Church of the Nazarene, will preach there tomorrow evening.

No special services are being conducted in the Church of the Nazarene this week, but Rev. Lane, assisted by Rev. Carl Brown of Bristol, Tenn., will hold a series of special services next week.

WILL TELL STORY OF LIFE IN PRISON

H. F. Pfeiffer of River Rouge, Mich., who has spent 29 years of his life in various prisons, will speak at services this evening in the Tabernacle, W. State st. The speaker will tell the story of his life and how he finally entered the ministry. A gospel singer will accompany him here.

FARM BOYS TURN TO COUNTY FAIRS NOW

COLUMBUS, April 1.—Much of the golden harvest in prizes which the state's top-notch farm boys have taken home from the Ohio state junior fair will be reaped at county expositions this year.
Several breeder organizations and other groups plan to send prizes to county fairs. John T. Brown, state director of agriculture, said today in outlining a greater emphasis on events for boys and girls at local expositions.
The state posted \$24,000 for state junior fair prizes last year and organizations gave \$6,000 to the youngsters. There was some question, however, whether the state money could be diverted to county fairs.
Thirty counties offered their grounds for staging of the 1942 junior fair, but Director Brown said he declined the offers because facilities were not adequate to meet the needs of the 36,000 youngsters who compete annually.
Brown granted three county fairs permission to change to dates originally set for the cancelled state fair. The Stark county exposition will be shifted from Sept. 7-10 to Sept. 2-7, Huron county from Sept. 15-18 to Sept. 1-4 and Marion county from Aug. 25-28 to Sept. 1-4.

Set New Steel Record

MIDDLETOWN, April 1.—Mill whistles shrieked last midnight as the Middletown division of the American Rolling Mill company completed a month that surpassed all previous records for steel production.
Figures were not disclosed but officials said new marks were set by the blast furnace, open hearth, blooming bar and strip mill departments.
Workmen sent a telegram to Donald Nelson, chairman of the war production board, promising increased output.

Flying Hero Killed?

Pilot Newkirk

According to a report from Kuming, China, flyers of the American Volunteer Group smashed 40 Japanese planes at the Thailand airport of Chiengmai in a dawn attack but apparently have lost their squadron leader, Jack Newkirk, shown above. Newkirk, who earlier had received the Distinguished Service Medal for his daring exploits over Burma, was believed killed when his plane crashed near the Japanese air field at the end of a low dive. His mates believed Japanese machine gun bullets got him.

When Navy Flyers Beat Off Jap Attack at Sea

—Official U. S. Navy Photo

Just released by the Navy, this spectacular picture shows the Pacific skies dotted with shell bursts from anti-aircraft fire when 18 Japanese bombers attacked a task force of the U. S. Pacific fleet Feb. 20, resulting in a complete rout of the Japanese bombers, six of which were shot down by Lieut. Edward H. O'Hare, 28-year-old St. Louis, Mo., pilot. The Jap target was an American aircraft carrier, seen in center of picture. Only one of the 18 attacking planes is believed to have escaped. One, disabled by O'Hare, is seen (arrow) plunging into the water near the vessel. The pilot of this plane tried a suicide dive at the carrier but was stopped by anti-aircraft fire 200 yards short of his objective.

JOHNSON IS MAYOR AT SUMMITVILLE

SUMMITVILLE, April 1.—Fred H. Johnson, a brick manufacturer, who was unopposed on a non-partisan ticket, was elected mayor of this recently-incorporated village in a special election today. Others elected, all unopposed,

are Daniel Reilly, clerk, Earl Rogers, treasurer, and Michael D'Angelo, Donald R. Clark, Fred H. Johnson, Jr., Paul Parafita, Ernest Phillips and Fred Rogers, councilmen.

Mayor-elect Johnson sponsored incorporation of the village, which was carved from a section of Franklin township. He is owner of the village's sole industry, the Sum-

mitville Brick Co., and father of Fred H. Johnson, Jr., one of the six councilmen-elect.

RELAYS, NEO MEET FEATURE SLATE OF QUAKER THINCLADS

Dodds, Rice, Outstanding
Tracksters May Show
At 13th Relays

Once more the season of the Salem High thinclads will be featured by the annual running of the Night Relays and the Northeastern Ohio district meet at Reilly stadium, it was announced today by Fred Cope, Salem High faculty manager. In addition to these outstanding meets, four dual encounters and the Columbiana county meet are on the locals' track slate this year.

The first meet of the year will take place at Youngstown when the Quaker tracksters face the Rayen team, April 15. One other out-of-town meeting has been scheduled this year with Louisville as the opponent and host. This is scheduled for April 24. Two other teams, Alliance and Boardman, will be encountered on the Reilly Stadium clinders, the dates being May 12 and April 28, respectively. The county meet will be held again this year at East Palestine May 7.

Dodds, Rice Contacted
Cope has contacted several outstanding track stars in hopes of billing one or more of them to appear as a feature attraction at the 13th annual running of the Night Relays Saturday, May 2. Gil Dodds, respected, theological student of Ashland and Gregory Rice, ex-Notre Dame star and holder of the world two mile record, have both been contacted and there is a possibility that one of them may show here.

Connie Warner, holder of the world pole vault mark of 15 feet 7 1/4 inches, has replied to Cope's query that he cannot come here since it would interfere with his teaching duties in California. Even to bring one of the other two mentioned here would cost quite a sum in traveling expenses since Dodds is attending a theological seminary in Boston and Rice is holding down an accountancy position with a New York firm.

Frank Castleman, track coach at Ohio State university who recently succeeded Larry Snyder, has replied that he can send a few OSU track stars here if agreeable with the Bucks' slate. Another possibility is a girls' relay team from Southington Township Consolidated school near Warren which has twice cracked the girls' state mark for the 440 relay. The team is tutored by Sam Earich, former Warren Harding High football mentor. A new ruling by the state athletic board states that only the winner and the runnerup in the various events of the district meet can compete in the state meet to be held in Columbus May 23. In the past the first three men in each event were eligible to compete in the state classic.

See K. of C. Meet
Several members of the track team, Cope and Earl Beardmore attended the Knights of Columbus meet held in Cleveland last week where they saw Dodds and many other cinder luminaries show their stuff. It was here that Dodds was contacted in regard to his showing at the Night Relays.

Since the track team has not been afforded many opportunities to work outdoors, it is impossible to say what the prospects are for the coming season.

The schedule for the year follows:
April 15—Dual meet at Youngstown Rayen.
April 24—Dual meet at Louisville.
April 28—Dual meet Boardman here.

May 2—Night Relays here.
May 7—District meet here.
May 12—Dual meet, Alliance here.
May 23—State meet at Columbus.

Elliott To Play Third
EL CENTRO, Calif. — Manager Frankie Frisch, whose Pittsburgh Pirates have won 15 of 17 spring games, says Bob Elliott, the former outfielder, will start at third for his club and that Johnny Barrett and John Wyrostek will flank Vince DiMaggio in the outer gardens.

The Eagles' lead in the National league continued to mount last night at the Masonic lanes as they shut out the Electric Furnace while the City Loan lost one game of their series with the Salem News. In other matches the Salem China shut out Grates and the Masons took two from the National Sanitary.

Bill Hull's 613 series capped individual scoring honors last night. He anchored his series with a 220. Walt Hiltbrand's 593, including a 220 game, paced the Grate five. Clyde "Wink" Miller had a 214. Jim Primm had games of 203 and 204. Mike Hutter a 219 and Heston a 221.

The Finishers took two from the Wringers in Mullins league competition last night at the Grate alleys to hold first place as the Presses remained idle. The Costs took two from the Standards to hold third place securely while the Cabinets copped a forfeit win over the Stores.

In other matches the Tryouts shut out the Office, the Tubs gave Em-ployment a dose of the same medicine, and Production snatched a pair from Enamels.

Heath Stars In 3-2 Win
ALEXANDRIA, La.—The Cleveland Indians picked Veterans Al Milnar and Mel Harder to continue the club's mastery over the New York Giants today but much of the team's interest was centered on Outfielder Jeff Heath. He clouted home runs in the sixth and ninth innings yesterday to keep abreast the National leaguers single handed until Manager Lou Boudreau and Pitcher Clint Brown combined for a tenth inning run and a 3 to 2 victory.

Eddie Rickenbacker (left), flying ace of the World War, in which he commanded the 94th Squadron, gives the modern squadron in Long Beach, Calif., the famous hat-in-the-ring insignia which he and his comrades carried through scores of air engagements in France. CLEVELAND BOWLER FORCED TO RETIRE FROM ABC TOURNEY

Back Injury Ruins Chances
Of Forest City Star In
All-Events

(By Associated Press)
COLUMBUS, April 1.—Joe Bodis of Cleveland, a top-notch competitor in the American Bowling Congress, walked off the alleys in the ABC tournament last night without completing his singles match.

Bodis, who held the ABC's record 10-year average of 205 in the all-events, gave no explanation. His sponsor, however, said Joe had injured his back in his last doubles game, incidentally his best of the day.

A large crowd was watching Bodis as he began his doubles play because yesterday he rolled a three-game 717, second high in the 1942 five-man team competition.

Bodis opened with 197, dropped to 151 and finished the doubles with 221 for a 569 total.

He started his singles with 127, followed with 142 and then sat out the third game as his partner, James Habert of Cleveland, continued play.

Louis Farkas of Toledo rolled 903 yesterday for fifth place in the all-events, the only change among the leaders.

WEST SIDERS TRIM CLIPPERS BY 30-26
The West Side A. C. of the Class B, edged the Salem Clippers, 30-26, in a recent contest at the Memorial building. The Clippers started fast as they took a commanding 12-7 lead in the first period but the West Siders came back strong in the second to go ahead at the intermission by a 19-17 count.

The West Siders continued their attack in the third frame and held the Clippers to one bucket to practically sew up the game. A last quarter attack by the Clippers fell short as time ran out and the West Side chalked up another win on the right side of the ledger.

Wayne Hahn led the winners' well balanced bucket barrage with nine points while Pridon starred in the box score for the losers with eight points.

SPORT CHATTER

BY HUGH FULLERTON, JR.
NEW YORK, April 1.—The Yale committee apparently is still busy trying to find a satisfactory football coach who is looking for a New Haven.... Latest report is that Jess Neely of Rice, who has been visiting around his old South Carolina hangouts, slipped away for a conference with the Yales....

The New York commission's decision on the Louis-Simon short count is about as easy to understand as the double talk local scribes accuse General Phelan of using.... Seems when Eddie Joseph counted ten it was all over but the shouting.... Out at French Lick Springs, Ind., they've discovered the solution of the caddy problem. Frank "Pop" Coombs, who took up bag-toting at the age of 79, is 85 now and is training for the midwest amateur next month.

Short Sport Story
Coach Ray Ride of Case is cut with the first football "hard luck" tale of 1942.... Bob Callaghan, varsity end, played all through last season without doing any damage to an old shoulder injury. The other day he hurt it in a bridge game and will be out for good.... Seems another card player leaned on Bob's shoulder in rising from his chair and something slipped out of place.

Sportpourri
The Senators hardly had written in Bobo Newsom's name on their roster before the baseball scribes started trading him off to other clubs.... One story is that he'll go to the Browns, another is that the Dodgers will get him.... At least they're sure Clark Griffith has been trying to pry in infielder loose from Brooklyn.... Bill Terry and Branch Rickey had a conference at Jacksonville, Fla., Monday, reviving the story that the Cards will get Johnny Mize back from the Giants and then peddle him to the Yanks at reduced rates....

Who had Golden Gloves fans excited, will pass up the national A. A. U. boxing championships at Boston and will turn pro after a few more fights hereabouts.

PGA TOURNEY GOES TO ATLANTIC CITY; GHEZZI MAY ENTER

Defending Champion Member of Uncle Sam's Great Fighting Machine

(By Associated Press)
ASHEVILLE, N. C., April 1.—There was general jubilation among the men who make up the national PGA tournament when they got word today that the national classic would be held this year at Atlantic City—and the first word among most of the professionals was "Will Vic be there?"

Vic is Victor Ghezzi, the tall and handsome pro who won the PGA championship last year at Cherry Hills in a thrilling final match with defending champion Byron Nelson.

Ghezzi, who is exceptionally popular with his fellow golfers, is in there swinging for Uncle Sam. It is Private Victor Ghezzi, Fort Monmouth, N. J.

Fort Monmouth is only a few counties away from the Seaview club where the PGA meet will be held May 25-30 and all the pros hope Ghezzi will be able to get a furlough for the week-long match play tournament.

Tournament Manager Freddie Corcoran said he was not sure whether Vic would be able to get away. Ghezzi told Corcoran last night that he hadn't been playing much golf but that he was in great shape.

"I'm praying I'll be able to defend the championship this year," he said.

Ghezzi, as defending champion, would not have to play in the 18-hole qualifying rounds May 25 and 26.

Gene Sarazen, three-time winner of the PGA, also suggested that Corporal Ed (Porky) Oliver of Camp Dix, N. J., be brought down to Atlantic City for the tourney. Chances for getting the soldiers furloughs were considered good because the entire net proceeds of the event will go to the army and navy war relief funds.

Most of the big shots were here today, several of them playing practice rounds for the \$5,000 Asheville open starting tomorrow and running through Sunday, 18 holes each day.

Actor War Objector

Lew Ayres

Telling his Los Angeles selective service board that war was as abhorrent to him in real life as it was on the screen when he played a leading role in the anti-war picture, "All Quiet on the Western Front," Lew Ayres, popular film player, has departed from Hollywood and gone to a conscientious objectors' camp at Cascade Locks, Ore. The first motion picture actor to claim conscientious objection to war, Ayres will join other objectors in clearing underbrush, felling trees and other work similar to that performed by the C. C. C. Ayres, born in Minneapolis in 1908, is the former husband of the actress, Lola Lane and Ginger Rogers. He has been seen frequently on the screen in the "Dr. Kildare" pictures.

MacArthur's Son on Corregidor

—U. S. Army Signal Corps Photo

Little Arthur MacArthur, four-year-old son of General Douglas MacArthur, United Nations' supreme commander in the southwest Pacific, is shown wearing his soldier's uniform at the tunnel entrance to the fortress of Corregidor, where the U. S.-Filipino forces still are holding out against the Japanese. Arthur now is in Australia with his parents. This picture is one of the first original photos to come out of the Philippines since the war began.

Other Accidents Reported
Three other district accidents, attributed to slippery highways, were investigated by members of the Salem state highway patrol station yesterday.
James Falcun, 46, of Washington, escaped unhurt when his car skidded on a curve a half mile west of Washington Tuesday morning and went over an embankment, according to the patrol.
No one was injured when a truck operated by Dallas Hunter, 22, of Chicago, skidded into a machine operated by Mary Yarian, 23, of R. D. 1, New Waterford, on Route 14, a mile and one-half west of Unity. The truck skidded when the driver applied his brakes in an attempt to keep from hitting Miss Yarian's car, which was being backed from a driveway.
The driver of a truck which plunged through a guard rail on Route 46, about a mile north of Columbiana, apparently escaped injury, the patrol reported. He was not at the scene when the officers arrived.

Synthetic Girdles Loom

NEW YORK, April 1.—War or no war, the American woman must continue to stand erect, trim, with no drooping here and there to mar the picture.
To that end, the B. F. Goodrich Co. has produced the first synthetic

rubber thread ever developed in this country to replace natural rubber thread, essential in the manufacture of girdles, brassieres and foundation garments.
The real McCoy for these articles has been banned because of the rubber scarcity.

Noble and Jones Picked Up In Los Angeles On Sedition Counts

peached President Roosevelt at a mock trial.
Noble's "Hell with MacArthur" statement was made to a Friends of Progress meeting last week. He confirmed it in testimony before a state assembly committee investigating un-American activities.
In other appearances before the committee, Noble said he admired Hitler, contended the Japanese attack on Pearl Harbor was justified, and advocated "Europe for Hitler" and "The Orient for the Japanese." He accused Roosevelt of meddling in world affairs.
Noble came into public notice a few years ago as promoter of old age pension plans, then turned to world politics and organized, with Jones, the National Copperheads and Friends of Progress.
He enlisted in the U. S. navy before the World war but was dishonorably discharged in 1918 after running away three times.
The arrests followed months of investigation by the FBI.

OLD TUBE, PLUS CASH, BRINGS YOU NEW ONE

That's Uncle Sam's Rule For Saving Precious Tin

WASHINGTON, April 1.—Uncle Sam has laid down his own send-in-a-box-top rules for saving precious tin: From now on, to buy a tube of toothpaste or shaving cream, you must turn in an old tube.

The war production board figures there are innumerable lumps of tin and tin alloys in the form of empty collapsible tubes on the shelves of American bathrooms, and kitchens as well.

The order, issued yesterday, holds retailers responsible for enforcing the tube trade-ins by purchasers of shaving cream and tooth paste. The trade-in tubes do not have to be exactly the same type. The merchants will hold the old tubes until further orders from the director of industry operations.

With the rich tin mines of the straits settlements now in the hands of the Japanese, the once-common metal has assumed new importance in the nation's war economy. WPB officials estimated that the new order would reduce the tube industry's consumption from 5,000 tons a year to 578 tons.

The restrictions on tubes were announced shortly after the issuance of other emergency orders designed to save essential materials and speed the conversion of factories to war production. Toy makers were instructed to quit making electric trains after July 1, and to quit using scarce metals, plastics and colorings. The use of iron, steel and zinc in a long list of household gadgets was restricted.

Becomes Organization

PITTSBURGH, April 1.—The Steel Workers Organizing Committee will be established as a constitutional organization at its third international convention in Cleveland, May 19-22, officials announced. It has functioned as an organizing committee since 1936.

Wins Captain's Rank

The promotion, effective Feb. 1, of First Lieutenant Joseph Bush to the rank of captain has been announced by Colonel Byron T. Burt, commanding officer of Geiger Field, Washington. He is the son of Mr. and Mrs. Paul Bush of 1074 Cleveland st.

Captain Bush attended High school in Salem, and Boise (Idaho) Junior college.
Captain Bush received his second lieutenant's commission in the field artillery on Nov. 17, 1934, was ordered to active duty on May 1, 1935, and served as company commander in several C. C. camps in Utah, Idaho, and Oregon and in 1938 was transferred to Boise as district staff officer.

He was commissioned first lieutenant May 5, 1939. This tour of duty was terminated when he was transferred to the air corps at Geiger Field, on July 1, 1941. Captain Bush is a graduate of the War Department Adjutant General's school, Washington, D. C., in October, 1941.

The captain and his wife make their home at S. 801-Cedar st., Spokane, Wash. A younger brother, Edward P. Bush, is first sergeant of an air corps squadron in Arizona.

At present Captain Bush is base group adjutant and personnel officer, and base public relation officer at Geiger field.

story of the kidnaping:
She left a Hammond dentist's office and was starting her car to drive to her home eight blocks away when two young men wearing khaki jackets entered her automobile. One silenced her outcries by covering her mouth with his hand; the other knocked her out with a punch on the back of the neck.

During the ride of more than 300 miles, she was held near the floor in the front seat of her coach going through towns, and several times was guarded in lonely spots by one kidnaper while the other refueled the car and returned.

Shortly before noon yesterday on Brower road one of the men forced her to climb a steep hillside, attacked her and left her bound and gagged. She freed her legs which were knotted together with one of her stockings.

18 RURAL SCHOOLS IN SPELLING MEET

LISBON, April 1.—Approximately 250 pupils of the fifth, sixth, seventh and eighth grades of the 18 rural districts of the county will participate in the district spelling elimination contests to be held at 2 p. m. Friday, April 10, County Superintendent W. E. Roberts announced today.

Those entitled to enter the county contest to be held here on Saturday, May 2, will be determined. Each school district will be entitled to one representative in the county event, for each 25 pupils or fraction thereof enrolled in each grade as of Oct. 1, 1941.

A total of 112 pupils will be eligible for the county contest, Roberts stated, including 29 from the fifth grades, 30 from the sixth, 27 from the seventh grade and 26 from the eighth grades, with the eligibility of each district as follows: Beaver Rural, 21; Hanover Rural, Knox Rural, Yellow Creek Twp., Fairfield Twp., and Salineville Village, eight each; Butler Rural, six; West Rural, five; and Center Rural, East Rochester Special, Franklin Rural, Kensington Special, Summitville Special, Negley Rural, Unity Rural, Washington Rural, Wayne Rural, and New Waterford Village, four each.

RED CROSS COURSE WILL OPEN MONDAY

The Salem chapter of the American Red Cross has arranged a 15-hour first aid instructor training course to be conducted by T. C. McDaniel, Jr., of Columbia, S. C., a field representative of the national organization, from Monday, April 6, through Friday, April 10. The dates for the course were inadvertently given yesterday as Friday through Tuesday.

The classes, which are open only to persons who have already completed both the 20-hour standard and the 10-hour advanced courses, will be held from 7 to 10 nightly, beginning Monday and closing the following Friday, at the Memorial building. Red Cross chapter officials emphasize that only candidates who have completed both the other courses may enroll in the new series.

ST. JACOB'S HOLDS SPECIAL SERVICES

Holy week services at St. Jacob's church south of Salem will be dispensed with Friday to permit members of the congregation to attend union Good Friday services in Salem, Leetonia and Lisbon.

Services this week at St. Jacob's church have been well attended, with guest speakers bringing the messages.
The Christian Endeavor will hold a sunrise service and breakfast on Sunday at the church. The regular church school will be at 10 a. m. with Holy Communion at the morning worship at 11. Ten members of the confirmation class are to be received into membership.

A cantata, "The Resurrection Song," will be presented by the choir at 8 p. m. Sunday. The public is invited to all services.

Urges Real Send-Off

WASHINGTON, April 1.—Rep. Stephen Young (D) of Cleveland introduced a bill demanding that "shush-shush" methods of inducing draftees into the army be replaced with a roaring send-off with brass bands. "Young Americans inducted into the armed forces, instead of being quietly taken from their homes, as if they were being taken to some penal institution, should be marched proudly down the main street of their cities," he said.

or ruptured relations were in the increased peril, the expert said. This made it urgent that those countries exposing themselves to danger would receive what material this country could supply.

Not a Reprisal

Declaring that every government has full right to determine its own foreign policy, he pointed out the revised policy could in no way be interpreted as a reprisal against Argentina.

The United States, he declared, delineating a foreign policy that anyone would agree is legitimate and logical from any standpoint.

This country's policy on military and naval supplies must be extended also to economic and commercial matters, the informant said. However, the United States is making every effort to provide the normal supply of essential goods necessary to the economic stability of Argentina.

The authority's disclosure of the new foreign policy followed the return to Argentina of a military-purchasing mission. Its return resulted in speculation concerning relations between the United States and Argentina.
